# What we do

From soup to nuts, we'll help you develop a game-plan around your patents, execute licensing agreements, litigate against infringers and more...

## Licensing & Monetization

The Brazos team has negotiated licenses with the largest, most sophisticated companies in the world

## Litigation

We prefer to negotiate licenses, but some companies prefer to use your IP without paying. We'll take on the infringers

## Strengthening

Advisory on patent purchases and dispositions to build and enhance the moat around your technology
